BETA

Cash flow scenarios.

Our team has made reliable assumptions* for both the current and future cash flow of the property. **We make every effort to ensure this cash flow is as close as possible to year 1 expectations.** Based on market conditions, we recommend making assumptions for expenses rather than relying on the owner to provide them, as this approach is quicker. The actual expenses will be obtained during escrow.

When do we use actual expenses?

If we obtain actual expenses from the owner or listing agent we update our expenses to reflect what the owner is reporting.
